Relationships and Services

What investment services and advice can you provide me?

Services: We offer investment advisory services to retail investors. These services include wealth management which is a combination of financial planning and investment management. We may also offer financial planning as a stand-alone service. We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an investment approach.

Accounts, Investments, and Monitoring: We provide services to individual, joint, retirement, trust and estate accounts. We primarily use mutual funds, exchange-traded funds, stocks, bonds and/or independent managers in constructing portfolios. We may also utilize margin and alternative investments to meet your needs. We do not make available or offer advice with respect to only proprietary products or a limited menu of products or types of investments. As part of our standard services, we monitor portfolios and securities in accounts on a regular and continuous basis. We also offer to meet with you at least annually, or more frequently, depending on your needs.

Investment Authority: We typically provide our services on a perpetual and discretionary basis. We execute investment recommendations in accordance with your investment objectives without your prior approval of each specific transaction. Our engagement will continue until you notify us otherwise in writing. We also offer our services on a non-discretionary basis, which means we are required to obtain your consent prior to executing any trades in your accounts. Therefore, you will make the ultimate decision regarding the purchase or sale of investments in your accounts. However, we may not be able to aggregate your order with other client orders under this type of authority and therefore you may not receive the same price as other clients.

Account Minimums & Other Requirements: We generally require a minimum annual fee of \$2,500 in order to effectively implement our investment process. This amount may be waived or reduced at our sole discretion.

Additional Information: For more detailed information on our relationships and services, please see Item 4 – Advisory Services, Item 13 – Review of Accounts and Item 7 – Types of Clients of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?

Fixed Fees: Our fixed annual fees for wealth management range up to \$45,000 annually. Our fixed annual fees for financial planning range from \$3,000 to \$6,000 per year. These fees are collected on a quarterly basis and negotiable based on the nature and complexity of the services to be provided and the overall relationship with us.

Other Fees & Costs: In addition to our advisory fee, you will also be responsible for third party manager fees, custody fees, account administrative fees, fees and expenses related to mutual funds and exchange-traded funds and applicable securities transaction fees.

Additional Information: **You will pay fees and costs whether you make or lose money on your investments.** Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What are your legal obligations to me when acting as my investment adviser?

How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.

We will recommend that you open your account with a specific custodian, where we maintain an institutional relationship and receive economic benefits. The receipt of economic benefits presents a conflict of interest and can influence our recommendation of the custodian to you. However, you ultimately decide where to open your accounts. Choosing a different custodian may result in the loss of quality of service and/or ability to obtain favorable prices.

Additional Information: For more detailed information, please see Item 10 – Financial Industry Activities and Affiliations, Item 12 – Brokerage Practices and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*

How do your financial professionals make money?

Our financial professionals are compensated based on an agreed-upon annual salary. Additionally, they receive compensation based on the revenue generated from the accounts they service directly. This means financial professionals have an incentive to increase the asset size in the relationship or solicit new business.
